---

## Method 2

---

The size of the ring may vary slightly depending on the style of the ring. Therefore, if the ring is intended to be a gift, borrow one of the recipient's rings with a similar width as the ring you would like to purchase (but no wider than 30mm) and use the Sizing Guide below.

Print this page, ensuring that page scaling is set to none in the print dialog box.

Measure the bar on the right and make sure it measures exactly 30mm

1. Select a ring that properly fits the intended finger.
2. Place your existing ring over a piece of paper. Draw a circle surrounding the inner circumference of the ring. Cut out the circle and find the best match of the ring sizes below.
3. This measurement refers to the inside diameter of the ring.
4. If your size is between two sizes, opt for the larger of the two.

Refer the cut-out circled paper to the next page.
